NUTRITION & DIETETICS

BEHAVIORAL SCIENCE DIVISION

NUTRITION AND DIETETICS (AS-T)

MAJOR CODE: 1306.00

The Associate in Science in Nutrition and Dietetics for Transfer (AS-T) is a degree that provides a solid lower-division preparation for students who intend to transfer to a California State University (CSU) for a bachelor's degree in Nutrition and Dietetics. This degree is designed to provide a clear pathway to a CSU and guarantee admissions to a CSU. Although, students are guaranteed admissions, it is not to any particular campus or program in the CSU system. This coursework will satisfy the lower division Associate in Science in Nutrition and Dietetics for Transfer degree requirements at some of the CSU campuses.

Program Learning Outcomes: Upon successful completion of this program, students will be able to...

- Critically analyze the consequences of obesity including health, social, and psychological problems and develop an eating and exercise plan for a person with health risk factors.
- Assess the safety of food additives. Identify microbes and their role in food cause illness in the body.
- Use scientific knowledge to analyze the potential advantages and disadvantages associated with organic foods.
- Design daily diets that provide adequate amounts of the essential nutrients throughout the life span.
- Use scientific knowledge to efficaciously affect change in the health of local and global communities.

This degree complies with The Student Transfer Achievement Reform Act (Senate Bill 1440). Information on which campuses accept this degree can be found at http://www.sb1440.org/.

Students who complete an ADT and transfer to a similar major at a CSU are guaranteed a pathway to finish their baccalaureate degrees in 60 semester or 90 quarter units. These degrees require students to meet both of the following requirements:

- Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
 - The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education-Breadth Requirements.
 - b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district and meeting the requirements of an approved transfer model curriculum.
- Obtainment of a minimum grade point average of 2.0.

AA	Associate of Arts degree	CY	Certificate of Competency (noncredit)
AS	Associate of Science degree	SC	Skills Certificate (non-transcripted)

paralegal. A paralegal is a person, qualified by education, training or work experience who is employed or retained by a lawyer, law office, corporation, governmental agency or other entity and who performs specifically delegated substantive legal work for which a lawyer is responsible.

Paralegals may not provide legal services directly to the public except as permitted by law.

Employment of paralegals and legal assistants is projected to grow 17 percent from 2012 to 2022, faster than the average for all occupations. This occupation attracts many applicants, and competition for jobs will be strong. Experienced, formally trained paralegals with strong computer and database management skills should have the best job prospects. (http://www.bls.gov/ooh/legal/paralegals-and-legal-assistants.htm)

NOTE: This program is not designed for preparation for law school admission. Students should consult catalogs of law schools of their choice or a counselor when planning to attend law school.

Program Learning Outcomes: Upon successful completion of this program, students will be able to...

- The Paralegal Studies Program is designed to prepare the student to assist the attorney in both private and public sectors in all phases of legal work and to equip the student with the knowledge necessary to enter the legal service fields as an entry-level paralegal.
- To ensure quality paralegal education at the community college level
- To familiarize students with the legal system and the role of the paralegal in the delivery of legal services in the public and private sectors.
- To train students to be prepared to use and apply the most current paralegal skills.
- To educate students to intelligently and ethically serve the legal community.
- To train students in critical paralegal skills such as investigation, legal research, interviewing, written and oral communications.
- To educate, train and provide students with the theoretical background to perform the paralegal's tasks in substantive areas of law and legal specialties.
- To educate and train students in areas of procedural law emphasizing the paralegal's role in litigation, mediation and arbitration.
- To educate students about the general principles of ethical legal practice as defined by the American Bar Association's Standing Committee on Ethics and

Professional Responsibility, and California's Business & Professions Code ß6450.

- To encourage students to contribute to the advancement of the legal profession.
- To provide counseling during the program and to assist students in preparing for and obtaining meaningful careers in the paralegal field.

PARAMEDICINE (AS)

MAJOR CODE: 1251.00

West Los Angeles College has partnered with the UCLA Center for Prehospital Care Paramedic Education Program to offer students the opportunity to earn an associate degree while becoming licensed Paramedics.

Paramedics are advanced providers of emergency medical care and receive education in anatomy and physiology, cardiology, pharmacology, medicine and trauma. They build on their Emergency Medical Technician certification and learn additional skills including administering medications, starting intravenous lines, providing advanced airway management, and learning to resuscitate and support patients with significant problems such as heart attacks and traumas. Paramedics work for fire departments and ambulance companies.

The Paramedic Program is a 7-month full-time program (36 units). It is divided into three phases: didactic, includes lecture and hands-on skills training; clinical, in-hospital rotations; and field internship, assignment to an active paramedic unit.

All students are admitted through the UCLA Center for Prehospital Care. For more information and application requirements visit www.cpc.mednet.ucla.edu or call (310) 267-5959.

The Paramedic Program consists of 8 courses in Allied Health (43-50) and is managed through a formal contract education relationship with the UCLA Center for Prehospital Care who provides the facilities, instructors, equipment and coordinates acceptance into the program. The Paramedic Program is offered three to four times each year with cohorts beginning in Fall, Winter, and Spring semesters. The accelerated format is requested by both employers and students. The course has an 88% completion rate, 94% licensing rate, and 99% of the students have full time employment within 6 months of graduation. Prerequisites: ALD HTH 52 and a criminal background check.

As required by California Code of Regulations Title 22, students must possess a California Emergency Medical Technician (EMT) certification to be eligible to participate, 6 months work experience as an EMT, valid driver's license (class C) required. It is also strongly recommended that the students complete the Pre-Paramedic Course (Allied Health 53) prior to enrollment into the Paramedic Program. (1) Possess a high school diploma or general education equivalent; and (2) possess a current basic cardiac life support (CPR) card equivalent to the current American Heart Association's Guidelines for Cardiopulmonary Resuscitation

and Emergency Cardiovascular Care at the healthcare provider level.

Program Learning Outcomes: Upon successful completion of this program, students will be able to...

- Understand the roles and responsibilities of the paramedic within an EMS system.
- Apply the basic concepts of development, pathophysiology and pharmacology to the assessment and management of emergency patients.
- Establish and/or maintain a patent airway, oxygenate, and ventilate a patient.
- Obtain take a proper history and perform a comprehensive physical exam on any patient, and
- Communicate the findings to others.
- Properly administer medications.
- Integrate pathophysiological principles and assessment findings to formulate a field impression and implement a treatment plan for the following types of patients: trauma, medical, neonatal, pediatric, geriatric, chronically ill, and commoncomplaint.
- Safely manage the scene of an emergency.

PARAMEDIC (CA)

MAJOR CODE: 1251.00

The Paramedic Certificate of Achievement will qualify students for licensure as Paramedics in the State of California. The certificate of achievement is comprised of eight courses in three distinct learning phases: didactic, clinical and field internship. During the didactic phase, lecture presentations, return demonstrations, and workshops are utilized. In the clinical segment students are rotated through hospital clinical areas and function on a one-to-one basis under direct supervision of a nurse or physician. During the field internship phase, the student is assigned to an active paramedic squad. While in this rotation, the student will perform the full scope of practice of a Paramedic under the supervision of licensed professional. Upon completion of this program students will demonstrate the following Program Learning Outcomes.

As required by California Code of Regulations Title 22, students must possess a California Emergency Medical Technician (EMT) certification to be eligible to participate, 6 months work experience as an EMT, valid driver's license (class C) required. It is also strongly recommended that the students complete the Pre-Paramedic Course (Allied Health 53) prior to enrollment into the Paramedic Program. (1) Possess a high school diploma or general education equivalent; and (2) possess a current basic cardiac life support (CPR) card equivalent to the current American Heart Association's Guidelines for Cardiopulmonary Resuscitation and Emergency Cardiovascular Care at the healthcare provider level.

Program Learning Outcomes: Upon successful completion of this program, students will be able to...

PHARMACY TECHNICIAN

HEALTH SCIENCES DIVISION

PHARMACY TECHNICIAN (AS)

MAJOR CODE: 1221.00

The Associate of Science degree in Pharmacy Technician is primarily designed for career and technical education and workforce training/development. The curriculum is not aligned with course requirements for transfer to a specific major at a four-year college or university.

The West Los Angeles College Pharmacy Technician Program prepares a student for an exciting career in pharmacy. Students completing the required course work are able to obtain a State of California Pharmacy Technician license and are prepared to work in the outpatient, inpatient and home health care pharmacy settings.

Program Learning Outcomes: Upon successful completion of this program, students will be able to...

 Critical Thinking: Upon graduation the Pharmacy Technician student should be able to analyze situations and respond to the given situations using the evidence presented in a manner which adheres to the laws and ethics of the profession.

AA-T	Associate in Art Degree for Transfer	CA	Certificate of Achievement
AS-T	Associate in Science Degree for Transfer	CN	Certificate of Completion (noncredit)
AA	Associate of Arts degree	CY	Certificate of Competency (noncredit)
AS	Associate of Science degree	SC	Skills Certificate (non-transcripted)

- Communication: Upon graduation from the program the Pharmacy Technician student should be capable of completely communicating thoughts in both an oral and written format that is clear, concise, cohesive, and courteous.
- Technical: Upon graduation the Pharmacy Tech students should be able to follow the workflow of pharmacy practice in various pharmacy settings.
- Ethics: Upon graduation Pharmacy Technician students should exhibit professionalism, competence, growth, and development when practicing the profession.
- Civic Responsibility: Upon graduation the Pharmacy Technician students should be able to effectively work as a member of a team.
- Cultural Diversity: Upon graduation the Pharmacy Technician student should know how to advance the profession through leadership service activities and affiliation with professional organizations that promote the field as well as encourage members of different cultures to understand the field.

 Critically analyze political institutions, systems, processes, events and constitutional principles in order to exercise one's rights and to defend civil liberties.

- Take an informed position on a political issue, candidate or situation and support your position with objective, logical, effective debate and discussion.
- Seek out and engage in civic opportunities that broaden perspectives and increase one's responsibility to family and community.
- Utilize a variety of media sources to research, organize, evaluate, and assimilate information pertaining to a political issue, event, or person.
- In one's family, community and work settings, conduct activities in an ethical manner that reflects knowledge of the law and that adhere to common sense.
- Examine and interpret quantitative and graphic data to prepare the student to distinguish and choose among policy alternatives.

PSYCHOLOGY

SOCIAL SCIENCES DIVISION

PSYCHOLOGY (AA-T)

MAJOR CODE: 2001.00

The Associate of Arts degree in Psychology for Transfer provides students an overview of the major fields in psychology and examines behavior, growth, development and the well-being of individuals. The program offers students a comprehensive education in the content and method of the discipline. A variety of courses allow students to expand their intellectual horizons.

The curriculum also serves as an introduction to the helping professions for students planning to transfer to majors in Health Science, Human Services, Counseling, Social Work, Substance Abuse Counseling, and other majors.

Students who successfully complete the Associate of Arts degree in Psychology for Transfer will be guaranteed admission to a California State University. The AA degree in Psychology for Transfer meets the requirements for SB1440 for Associate Degrees for Transfer. The degrees were developed to ease the transfer process for students to the CSU.

This degree complies with The Student Transfer Achievement Reform Act (Senate Bill 1440). Information on which campuses accept this degree can be found at http://www.sb1440.org/.

Students who complete an ADT and transfer to a similar major at a CSU are guaranteed a pathway to finish their baccalaureate degrees in 60 semester or 90 quarter units. These degrees require students to meet both of the following requirements:

- Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
 - The Intersegmental General Education
 Transfer Curriculum (IGETC) or the California
 State University General Education-Breadth
 Requirements.
 - A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district and meeting the requirements of an approved transfer model curriculum.

2. Obtainment of a minimum grade point average of 2.0.

Program Learning Outcomes: Upon successful completion of this program, students will be able to...

- Practice and demonstrate skills and knowledge regarding ethics and professionalism in treatment and research.
- Address social, behavioral, historical, and cultural issues in treating and dealing with individuals and their adjustment in the workplace, family, community, and the global world.
- Apply critical thinking to investigate and interpret influences of heredity and environment in assessment, counseling, therapy, and research.
- Demonstrate and apply knowledge of biological issues as a major factor in Psychology.
- Read, evaluate, and incorporate knowledge of research in assessment of new and old information in the field.

PSYCHOLOGY (AA)

MAJOR CODE: 2001.00

The Associate of Arts degree in Psychology includes coursework that aligns with specific lower-division major requirements for the Psychology major at various universities within the University of California (UC) and California State University (CSU) systems.

Students interested in transferring to a four-year college or university with a major in Psychology may also consider the Associate of Arts degree in Liberal Arts and Sciences (Behavioral and Social Sciences emphasis). Students are encouraged to visit the Transfer Center for complete information regarding transfer requirements for the institution of their choice. Students interested in transfer are also encouraged to consult the Counseling Office for individualized educational planning.

Professional opportunities for psychology majors include: counseling, social work, management, and public health. Psychology also provides valuable background for those seeking careers in such fields as law, medicine, nursing, and child development.

REAL ESTATE

BUSINESS DIVISION

REAL ESTATE (AA)

MAJOR CODE: 0511.00

The Associate of Arts degree in Real Estate is primarily designed for career and technical education and workforce training/development.

The curriculum is not aligned with course requirements for transfer to a specific major at a four-year college or university. The Associate of Arts degree in Real Estate is designed for the serious student who seeks a rewarding career as a real estate professional. The degree offers a vigorous academic program exploring all facets of the real estate profession.

NOTE: Students should verify broker's license requirements with the California State Department of Real Estate.

Program Learning Outcomes:

- Students will be able to obtain and analyze the information necessary to conduct the sale, purchase, and management of real property pursuant to the California Department of Real Estate (DRE) regulations.
- Students will be able to communicate relevant disclosures and legal information to clients to complete the sale, purchase, and management of real property in accordance with DRE regulations and California real estate law.
- Students will be able to address a client's needs in the selling, purchasing, or management of real estate while implementing good, moral business ethics.
- Students will have the required academic coursework to qualify to sit for the California DRE's real estate salesperson or broker's exam.
